AMENDMENT REQUEST FORM

PO #: 4500411999

PR #: _____   **AMENDMENT #:** 1

GENERAL INFORMATION

- Amendment requests for photocopiers must be done via the Amendment Request Form and sent to hc.mamd.it.procurement.sc@canada.ca **only**
- Regardless of value, financial and date extension amendments must be done using the established PR should one exist. Otherwise, amendments are requested using the PO document. In both instances, the SAP document (PR or PO) should have text in the header text (PO) or the item text (PR) indicating the summary for amendment. Example of such text is:
  - o YYYY-MM-DD – Amendment XXX is requested to increase/decrease the value by $$$ (excluding taxes) and to extend the contract/call-up period from YYYY-MM-DD to YYYY-MM-DD. All other terms and conditions remain unchanged.
  - o YYYY-MM-DD – Amendment XXX is requested to increase/decrease the value by an additional $$$ (excluding taxes) and to exercise option XXX.   All other terms and conditions remain unchanged.
- Amendment requests for value changes and/or date (not to exercise an option), either a revised proposal or an email confirmation from the supplier is required with the request. MAMD will review and advise accordingly.
- Should the amendment be for a date extension and security clearance is required for resources, the security validation for each resource must be uploaded into SAP.
- Should the amendment be for a change that does not trigger a workflow (ex. resource name), please send an email to Contracts East who will ensure it gets processed.
- A signed copy of the contract/call-up amendment must be uploaded into SAP once approved.
