Hi Luke - can you update the agenda and annotated agenda this evening as outlined below. I will reach out to Neil to get the TORs to send out.

Thank you
Kendal

Kendal
We will need to update the agenda for CDM tomorrow.

The first item should be framed as an Update on the Testing, Contact Tracing and Data Strategy. Neil would lead off, and propose a dedicated ADM table. There is a proposal for the table that the testing Secrétariat has drafted which should be circulated to CDM.

That would be followed by the update on the data part of the strategy.

Finally, I had asked that there be a short update on the Exposure Notification App.

Can you liaise with Neil and Nancy, and revise the agenda for distribution along with the ADM table document?

Thanks!
Steve
