Hello,

Thank you for following up. I did in fact complete the form. I can help you, but I have not been able to reach anyone even though I have tried to do so many times.

I will wait, but we are ready to help and have the production capacity. I think it is unfortunate to read about this in the news when we can help. Thank you again and have a nice day.

Hello Ms. Lafond,

Thank you for your interest in providing COVID-19-related products. We appreciate your willingness to get involved and help our community and country during these uncertain times. Our government created a form to help us assess all the information and offers, which can be found at <https://buyandsell.gc.ca/supplying-goods-and-services-in-support-of-canada-s-response-to-covid-19>. We would ask that you please fill it out.

Once again, thank you for offering to help. If you have any questions or concerns, please contact our office.

Hello,

We are striving to meet your needs and those of our existing clients during this difficult time. I am attaching a list of items that are available from our health division. Please let me know what you need.

Please note that prices are in US dollars and include delivery to your warehouse for those items that are shipped by air. The last two items on the list are shipped by boat and the shipping is FOB so the cost of transport needs to be added. I can calculate that for you if necessary.

Please do not hesitate to contact me with any questions. I am happy to help.
