The outline looks great. We will be filming ourselves while Minister is in Ottawa next week. Total length of speech 3 — 4 min.

Could we include these additional points in the remarks:

- Importance of supply chain to the economy
- Importance of supply chain professionals and thanking them for their hard work through the pandemic
- value of Supply Chain Canada as a partner to the government with policy and advocacy and celebrating the work of our COVID Task Force
- Speak to the value of learning and education for the profession and encourage people to keep learning in the years ahead so that Canadian supply chain professionals can be the best in the world

Thanks!

Thanks, Caitlin.

For Supply Chain Canada — we provided a speech outline yesterday (attached again). Do you have feedback to provide to adapt it to a video message?

- What is the deadline for these video remarks?
- 500 words or more?
- Who will be filming?
- Do you have more context on the event to help speechwriters?

For the Governance Professionals Canada Annual Conference: what is the link to PSPC? At this point we do not see what we could provide in terms of Departmental perspective. JAMES- Can you provide more details please?

Thanks.

Lucie

Hi Lucie, apologies for the delay. We do not require much for these events.

1) Supply Chain Canada - we will be recording a brief "closing remarks" video for the conference to be aired next Friday during their event. We will film next Wednesday in Ottawa. Could Liaison team provide brief remarks for the Minister to use for this video?

2) Minister Anand will be participating in a virtual "fire-side chat" with Rita Trichur from the Globe and Mail as part of the Governance Professionals Canada Annual Conference, Tuesday Oct 6th. I will let James confirm what notes we may need for that event.

Wondering if you have answers on these 2 events before we let everyone off the hook for the weekend?

If we do not hear from you by end of day, we will assume that these events are not taking place.

Thank you very much.
