Hi all – this one was in my drafts folder and I don't think I sent it previously. Apologies for the delay!

Good evening ladies and Ryan-thanks for all you are doing. Sharing below given urgency. It's a client's family member, whom I do not know and do not work with, who has these available. If it helps. I suggested they email the main email too, which they have. Admittedly this is a bit off my regular path but if I can help in any way, please let me know!

Take care,

Jacquie

Per below supplies they have access to include:

- **N95 surgical masks (FDA approved), with capacity potentially up to 500,000 units per week.** \$2.00 USD ea. FOB Toronto International Airport
- **Medical grade disposable coveralls**, with a minimum order of 10,000 units and are able to ramp up production. \$10.00 USD ea. FOB Toronto International Airport.

Hi Jacquie,

I hope you and your family are having a safe (and enjoyable, all things considered) weekend.

Just in case it didn't come through, I wanted to forward this along to you in the event you or someone in your network can get this to someone in a position to act on it quickly.

Given the severity of circumstance, if this can help our communities, it would be a good thing.

Stay safe and thanks for your help.

Best,

CG

To whom it may concern:

I am reaching out in hopes of being able to assist in supporting the shortfall in medical supplies currently being experienced during this extraordinary time.

Our company offers North American distribution of various materials across several industries, with specific focus on Personal Protective Equipment (PPE).

Through our supply chain, we have been able to gain access to high volumes of medical grade supplies that could be able to assist in closing the shortage gap.

Supplies we have access to include:

- N95 surgical masks (FDA approved), with capacity potentially up to 500,000 units per week. \$2.00 USD ea. FOB Toronto International Airport
- Medical grade disposable coveralls, with a minimum order of 10,000 units and are able to ramp up production. \$10.00 USD ea. FOB Toronto International Airport.

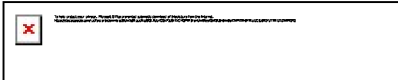

As per above, these products are available through our supply chain which includes import from countries such as South Korea and Japan, among others.

If this can be of assistance, please reach me either through this email or at 905-906-8920.

I look forward to hearing back from you and hopefully being able to assist in getting our citizens products they need.

Best regards,

Phil Giansante
