Minister Anita Anand

Dear Anita,

My name is Tara, Director of Sales with Skanda Group of Industries, we specialize in PPE, COVID19-Test Kits, and Mobile Sanitization Systems (walk in get disinfected and walk out). We would appreciate your consideration to be added as a PPE Supply Partner for the Canadian Government.

Attached is the current price list to illustrate our very competitive pricing. Included is a brochure on the Humasis COVID19 Test Kit, #1 in the World, Skanda Group of Industries is the exclusive supplier for North America. Also attached is the brochure on the incredible Mobile Sanitization System.

In this unprecedented time having a reliable source of FDA Approved and FDA Certified products from FDA Approved and FDA Certified Factories is imperative to have PPE for everyone's safety.

Skanda Group of Industries has a syndicate of 43 factories worldwide, all FDA Approved and FDA Certified, to meet the huge demand for PPE Supplies. We are always sourcing new technology that will provide safe environments. Our clients include the Swedish Government, State of Massachusetts, State of Alabama, State of Florida, Health Groups and Private Corporations with private companies in Mexico and Brazil.

Thank you for your time, if I have reached the wrong division for procurement of PPE Supplies I would appreciate your assistance in connecting with the appropriate office.

Look forward to hearing from you, and it will be an honor to be of service to the Government of Canada.
