Elliott, I wanted to flag the following email for you. I have not responded to Andrew.

I had flagged it for Caitlin on July 24 but I didn't hear back and went on vacation after that so forgot to follow up. I'm not sure who Andrew Hilson is, a search through my inbox shows no previous correspondence from him and I don't recall ever talking to him.

Any advice on how to proceed?

Thanks,
Nanki

Giving this one last effort; I know there is a fine line between being a nuisance and being persistent.

So I'll ask: pretty please may we have a conversation about this?

Thanks for considering,
Andrew

Nanki,
I emailed you last week regarding [PPE](#) purchasing for Public Services and Procurement Canada | Services publics et Approvisionnement Canada; are you or someone else in your firm responsible for this?

Looking forward to hearing back,
Andrew

Bumping this up your inbox. Have you had a chance to consider my initial proposal?

Let me know when you have some time this week to discuss further.

Andrew

Hi Nanki,
following up on my message regarding [PPE](#) for Public Services and Procurement Canada | Services publics et Approvisionnement Canada; should I be directing my messages to someone else?

Please let me know when you can; I'm happy to set up a call to discuss.

Thanks,
Andrew

Hi Nanki,
I'm looking to speak with the person responsible for buying [PPE](#) at Public Services and Procurement Canada | Services publics et Approvisionnement Canada; is this you?

At ZongDe Health, we're working directly with the manufacturer for items like masks, nitrile gloves, and isolation gowns; should I direct my inquiry elsewhere?

Please let me know when you have a moment.

Best,
Andrew
