Good afternoon,

I have submitted the form as best as possible - as we are partnered with a large volume manufacturer from Shanghai in order to be able to provide for sale these items not normally part of our assortment, I am not 100% certain that the manner in which it was completed provided all the required information however we are available and ready should you have any questions - I can be reached directly at 416-797-0643 or via this email.

I am hopeful that we are able to join the suppliers working hard to ensure our valuable emergency service teams, health care providers and everyone involved are well equipped to continue their valiant and dedicated work!

Sincerely,

Your Honorable Ms. Sgro,

I am not certain if this is the appropriate channel of communication, however I thought I would try and see if perhaps you can direct me to whom I might contact. I am reaching out to you as I live in your riding.

Our company, Robert Allen Canada is in the middle of reaching a deal to be able to supply a large production volume of medical face masks, surgical gloves, as well as face shields, isolation gowns and more.

Realizing the need, and having just read that the government is looking for contracts with suppliers to provide volume of these goods I thought I would reach out and see who I might connect with in regards to becoming a possible supplier for these urgently needed goods?

I appreciate any input, guidance or direction you might be able to provide.

Sincerely,

Sara Chevalier
