MAA has approved this letter, only input *"Ron McKinnon letter is OK to go but the font is light and dark and looks very odd on the page"*

That might just have been a printing error on my end when I prepped the binder last week

Nanki – could you add to correspondence binder? Incoming and proposed outgoing letters attached.

Thanks

Two things... (1) Should we also forward to Health given the technology is in use in hospitals? And (2) Should we mention that I understand Madison has been in touch with your office... just as a nice thing to highlight.

Last, because it's to an MP, I think she needs to sign.

Would recommend e-signature on this one, just because of the delay in replying. This was letter mail from April that sat in HoC for months when mailroom was closed.

Madison has already been in contact with MP McKinnons office as well with this info.

Hi Esther,

Please ask the correspondence team to include more information on the procurement process for domestic suppliers who can support Canada's response to COVID-19. Ways to sign up for emails from Buy & Sell, how to be alerted to relevant RFPs, and it might be worth mentioning the Procurement Hub.

Thank you!
