Subject: RE: Request for Masks

Did this request come into the MinO directly?

Long story short, there isn't necessarily a list to get on. They can send their requests here: hc.covid19healthproducts-produitsdesante.sc@canada.ca. I can give you the lines if you are in contact with them:

As part of the announced \$1 billion COVID-19 Response Fund, **\$50 million** is going to the Public Health Agency of Canada to obtain supplies of personal protective equipment. This funding will support the purchase of equipment like surgical masks, face shields and gowns, and medical supplies to address federal needs and supplement stocks of the provinces and territories that require it. Collaborative and bulk purchase orders are **already underway** with a number of jurisdictions. This will be an ongoing process as the demand for and supply of products evolves. Federal, provincial and territorial governments continue to work together to identify priority items, collaborate on procurement, and assess potential shortfalls.

Thanks!

Subject: FW: Request for Masks

Hey, not sure if this request for masks for seniors homes should go to you? Should I redirect them to their province, to Health? We are in the business of purchasing on behalf of the Government, not sure where seniors homes get their health supplies.

Let me know!

Madison

Subject: missed call

Good afternoon Mr. Lord,

Missed call from Nicole Neuert, from Affecting Pricing Solution, 604-366-2408, at 2:39 pm. It's a company that own senior home residence, over 12 000 beds and all across Canada. They are running out of mask. She would like to know, if there is a list that she has to be on or how can she be provided with mask?

Merci! / Thank You!

Mr. Medeiros M.
