Apologies Cecely, please work from this version. We just caught a small error in the Q on vaccine types, which has been corrected.

Thanks,

Bryan

Thanks - I will need to further review this document when I have some time before it's formally approved on our end.

Hi Cecely –

- Removed reference to NRC component of Novavax MOU
- Added in SiO2 contract (which was signed last night and added to remarks)
- Adjusted reference to Imperial College London, based on new direction we received from the company overnight
- Updated French version to reflect these changes

I attached tracked version so you can see specifically.

Thanks,

Good morning,

Please find attached the final Q&A for today's announcement, in both official languages.

Also, understand you are currently editing the remarks? Should Liaison expect a version soon? We need to send to interpreters ahead of time.

Thank you
