Removing Vanessa. Good tool for our team - let's make sure to send it on to them.

Hi all,

Please find below links to the new, consolidated **"Health Product Industry"** web pages which are now live and linked-to directly from the main COVID-19 webpage. These pages includes topics related to diagnostic tests, ventilators, and disinfectants and sanitizers. We are working on additional pages for posting in the coming days on Personal Protective Equipment (including masks, respirators, gowns, gloves and 3D-printed PPE), and vaccines and other treatments.

I would ask that when possible you please try to direct incoming inquiries to these new pages, which contain detailed guidance and information. This will help free up our teams to process applications and continue with other related work.

Let me know if you have any questions. Please pass on to others in your office as appropriate.

Thanks,

Vanessa
