Hey,

Any sense of whether we have regs in place that are limiting ability of labs to conduct testing/ability of non-Gov't staff to conduct the testing and interpretation at laboratories?

TG

Imagine already on the radar, but relaxing regs around use of other labs/staff may be worthwhile.

#Canadians please help us get this out ASAP. Everyone, please write to your MP and MPP to put pressure on.

A major barrier to increasing Canadian #COVID-19 testing capacity is a shortage of ppl needed to help process, run, interpret & communicate tests at this unprecedented time
