So for bell - confirmed that works. It is a donation of 1.5M N95 masks to us for distribution, with 250K each directly to QC/ON (total: 2M).

Delivery and receipt dates still TBC. Jordan says company is good with us saying their name.

For the surgical masks - we can say 5 million masks will be on their way to P/Ts. But the number is probably a lot higher. This is just one order that is ready for pickup. Maybe we just say "we have received a donation of 1.5 million N95 masks from bell which will be shipped out as soon as possible and we are also shipping millions of surgical masks to P/Ts over the course of this week" or something.

Matt?

Could we say something like "and this week, X masks are on their way to PTs"

Sorry.. A bit of a wrinkle on the masks.

This is actually what we have from PSPC. Meaning, they are ready to be shipped to P/Ts today but that doesn't mean they'll be going to P/Ts today. Depends on if a flight can pick them up. If you're able to work with that somehow, great. I will try to find something else for you very quickly tho.

"The following quantities will be ready for air shipment on the following days. The exact day of arrival in Canada I am not sure. The dates below are when they will be ready to airship.

5 million April 17th
7 million April 24th
4.5 million May 1st

This does not necessarily mean they are leaving on those days. The logistics team is checking with Bollore."

5 million is good!!

Don't remember hearing about Bell Canada so will need to triple check on that one right now. Will get back asap.

Hey all can you please confirm the procurement numbers?

In terms of medical equipment supply, Bell Canada is going to provide one and a half million masks. This is in addition to the 5 million masks that will be sent to the provinces and territories today.

So, essentially, Bell is donating 1.5M masks and we're shipping an additional 5M to PTs today.

Thank you!

Hi Katie,

Please find attached the latest draft of tomorrow's presser. Sarah, Alyx, Marci, Zoe, Cam, and Ben have reviewed. Oli has provided language for the QC piece.

We are still tracking down final job numbers for the oil and gas piece and later the CERB figures which I have left in yellow. Will circle back in the morning.

Thank you!
