Hi,

This is to follow-up on this. I got the confirmation that they submitted the buy and sale form. Here is the update:

Dear Natacha,

This is Philip Liang recommended by Ms. Toni from Abeego. Nice to know you.

My family is in Canada for 10 years, so I am a part of Canada, I am caring and focusing on COVID-19 status there every day and wish such disaster disease overcome soon. We can supply surgical masks and gowns with all associated certificates. I filled in form listed below website with products and certificates info. Our submission reference number is #38090, there are masks and gowns available to ship you soon.

Because of the virus, all international trade impact a lot, air shipments take longer time than usual, courier shipment is one of the best means to catch up time to save more life.

Pls let me know what I can do for you at the moment such as prices, item quality or samples, so that we can proceed export documentation very soon possibly.

Thank you and looking forward to your reply soon.

Regards,

Philip Liang

I would ask them to submit through buy and sell and also send a short proposal to Manufacturing Industries Directorate / Direction des industries manufacturières (IC) ic.mid-dim.ic@canada.ca

If they don't hear back in 48h, you can put them in touch with me and I'll followup.

Hi supply & re-tooling team!

What would be the best and more rapid way forward for this one? Buy and sale website? And can someone make sure we follow-up quickly on this one?

Thank you!

Hello All,

Please let me know how I can make the connection. The factory has capacity to make a million masks a day and can provide documents showing certification if you need before I connect you.

Best,

Toni

Hi Vicki,

Full team effort here. Adding Natacha, who can advise the path forward for this one.

Thanks,

Hello Vicki,

My trusted fabric supplier in China can make masks and protective clothing. I know we are running out and need them for our medical professionals.

If in passed his contact to you could you into introduce him to Mary or someone at the Federal Government?

As a side note I found Philip as supplier at a SheEO event. Nicki Bridger introduced him to me as one of her suppliers. He's been a critical part of Abeego since 2015.

Thanks,
Toni
