**Subject:** RE: Federal Gov't plans to build isolation/ quarantine camps - Request for Proposal

Hey Tyler,

This is a DND issue. I've sent the other one to them for lines. I'll follow up, but I would suggest you send Kaylie to DND as well.

**Subject:** FW: Federal Gov't plans to build isolation/ quarantine camps - Request for Proposal

Hey Chelsea, could you share lines on this? This is the second time I'm seeing this topic come through an MP office, and with MPP Hillier raising it in the leg we could see more.

**Subject:** Fw: Federal Gov't plans to build isolation/ quarantine camps - Request for Proposal

Good morning Tyler,

I hope that you're keeping well and staying healthy.

I wanted to reach out as our office is starting to receive a few inquiries regarding isolation/internment/quarantine camps being built. It seems this issue has been discussed in the Ontario legislature but pertains to Federal decisions. I've included an email below for example, as well as a link that some of our constituents have sent us who have expressed concerns over this: <https://buyandsell.gc.ca/procurement-data/tender-notice/PW-ZL-105-38463>

I'm wondering if you have any more information or insight you could share with me on this subject, and any lines that you may have on the subject which could help in responding to some of the concerns expressed on the issue? Anything you could provide would be greatly appreciated.

Thank you so much!

Kaylie Stathopoulos  
Legislative Assistant  
Office of MP Lloyd Longfield

**Subject:** Federal Gov't plans to build isolation/ quarantine camps - Request for Proposal

Dear MP Lloyd Longfield,

Ontario MPP Randy Hillier raised this issue in the Ontario legislature this week in response to an expression of interest request put out by the federal government for contractors to “supply, provide, and manage quarantine isolation camps throughout every province and territory in Canada.

Can you please tell me if your government is planning to build these camps and why ?

Sincerely, Murray Stevenson
