Anthony, do you think you could reach out to get details?

Chelsea do you think you can log outreach in Google doc?

Hi, Jonathan.

A have a contact who has N95 masks, Purell, nasal swabs with fluid tubes for testing, gloves and other items at a reasonable price. He is currently supplying a few hospitals and police stations, some of my members and other customers.

If you need his services, I will be happy to put him in contact with you or someone you recommend.

Thank you!
