Hello, Emily.

Here are the final products. You're only missing the French backgrounder.

****Important last-minute update: We now have 17 members.**

There is also a new question at the **end of the Q&A.**

Will the Supply Council be providing Health Canada with advice on the purchase of drugs?

- *No, that's not the Council's intention. Emphasis will be placed on the purchase of necessary materials, such as personal protective equipment, once the economy recovers.*

Lastly, the PM has just announced that our Minister will be announcing the Council.

Thanks.

Lucie
