Hi Caitlin

Can you confirm you are receiving my emails?

Thanks

Jim

Hi Jim,

Thankyou for your email to Minister Anand, our team is happy to follow-up on your associates submission.

Could you confirm under which company name they registered to the buyandsell portal? As well what are the quantity of masks available?

Kind regards,

Caitlin Mullan-Boudreau

Subject: N95 Masks

Hi Anita

This just came across my desk from an associate in the USA. He has access to NIOSH approved N95 masks through his contact at Honeywell. We were wondering if you would like to discuss a large order for your procurement which will include price, timing and process.

I have submitted a supplier submission form on the Government of Canada website with reference #64736. I have also submitted a similar post on your facebook page.

If you are interested, you can reach me at 705-790-3232 or at this address.

Thanks for your consideration.

Jim Angus CPA, CA
