Hi Dove,

Hope you're doing well.

Please see the question below. I believe it's in relation to this RFI: <https://buyandsell.gc.ca/procurement-data/tender-notice/PW-ZL-105-38463?fbclid=IwAR3EKU-wpSwMJsk-BViTrIPA8L6sp62MGsiwW6DbYr73L9fyHz4ytEaJO7U>

It is my understanding that these isolation facilities are to provide a space for those who do not have a proper place to self-isolate if they are directed to do so by a public health agency. To be more specific, if someone's living situation does not allow for them to keep appropriate distance, etc.

Is this correct? If you could provide lines or guidance that would be appreciated.

Apologies if you're the wrong desk on this, but I thought you would be because of the procurement angle. Please forward if I got that part wrong.

Best always,

Hello Lorne and Ryan,

Can you please shed some light on quarantine camps being built across Canada?

What is the intention of these camps?

This all seems very concerning and quite frankly, terrifying that Ontarians and Canadians can be forced into such a camp.

It seems when Randy Hillier brought this up, his questions were ignored.

I've attached the RFI from the Government of Canada to this email as well as the video of Randy asking these questions.

Thank you,
