Hi Caitlin

Seems that this is an international supplier, Tyler mentioned these emails would go to you I believed.

Please let me know if I'm sending to the right team member 😊

Thanks,
Nanki

Hi Anita,

Hope you are well.

I'm writing to you with an offering that may be helpful during these times to some of your employees/colleagues for a reliable source of high quality Personal Protective Equipment (PPE).

Background:

Roy, copied in, his former boss, Alain Schibl, who co-founded Duet Group, the USD 5 BN Hedge Fund where he used to work in London; he is also one of the owners and Board members of one of the largest medical/pet supplies company based in Switzerland (Biokema). When Coronavirus started, he created a company called Swiss SPC International (www.swiss-spc.com) in order to manufacture and deliver large quantities of face masks, and medical equipment (gowns, lotions, etc.).

He is referenced by the Swiss Army and the Swiss Government and foundations/hospitals in Europe. Given our relationship, and desire to help, we got involved. His products are all certified to Swiss standards confirmed using independent agencies (SGS, Intertek, BSI) before shipment.

Products:

I've attached for you an up to date competitive offering of products and pricing (USD) for masks and gowns; we can handle large orders with constant supply of a quality product. We take orders by Friday of each week, and send them out the following Weds, with delivery expected within circa 20 days (likely less time 12-15 days). We can take special orders for any medical supplies as well (gowns, masks, etc.). We also have a transportation team that flies direct to every major international city.

Please let me know if you may have interest and/or would like to discuss, or require any supporting documentation. Alain Schibl, founder and owner, would also be happy to speak with you or anyone from your organization at any time. I look forward to hearing from you. Stay safe!

We also have more due diligence information in our dropbox for your review:

Lastly, we're in the process of DD with the Ontario Government and we recently submitted our MDEL License application.

Best,

Andy Gaudry
