Hi Kirsty,

Thank you for your tremendous leadership during this unprecedented time. A Regional Councillor named Helen Jowett in my area has brought this to my attention about the price of purchasing masks. Please have a look at the attached documents of 20Million Masks. This councillor is saying we may miss out on this order because the Canadian Government is dragging their heels in purchasing these masks at such a high cost. If we don't purchase this now, the US will definitely take this order at such a dire time.

Again I'm not sure of all sides to this story but please flag this to the procurement division.

I have CC Peter and Ellen from my Ottawa office on this E-mail as well

Merci
Marwan
