Hi Alain,

Here is a little follow up on the PPE items:

Gowns+overalls: I am attaching another vendor for overalls. Trident is a billion-dollar global conglomerate based out of India, India is letting exportation of 5 million overalls per month on a quota system with a first come first serve basis. I still have not heard from Joe re. gowns, bouffant caps, shoe covers for Medtecs, Honmyue, or Nizam. Could you please ping him, I don't mind if the procurement is paused, I would just like some clarity.

NIOSH N95 Respirator: I hope Micheal checked the price with the factory directly since I gave him the contact number. Either way, I know you have paused procurement for those but my supply is ready if you need it.

Gloves: Everywhere is currently sold out, the Chinese factory got sold out as well. We found two factories in Thailand that don't have export wings and are Thailand focused. Local demand is non-existent right now so we have potential there. One of my employees in the region will fly out next week to see if we have any hope of getting them certified to our standards.

I saw that we got large shipments in for mostly all the products. Well done and hopefully it continues that way, even if it is without me!

Best Regards,

Jeevan Singh
