Subject: Fw: Interview?

Hi James,

I sent this to Cecely, but I guess she is having a well-deserved break.

I am working on a story about ventilator purchases, the government has ordered 40,000 of the machines, wondering if the minister might be available for a quick phone interview today or early tomorrow.

Subject: Interview?

Hey Cecely,

Don't know if you got my text, but I am working on a story this week about ventilators and all the orders Canada made? Wondering if the minister might be available for a quick phone interview?
