Subject: RE: TR: Masks and medical protective clothing

Hey,

Sorry for delay. I would say PSPC Buy and Sell. If they are surgical masks then it would be a simple notification to Health Canada. PHAC will work with PSPC to make sure the masks are up to spec, and can facilitate the work with Health Canada.

Hi supply & re-tooling team!

What would be the best and more rapid way forward for this one? Buy and sale website? And can someone make sure we follow-up quickly on this one?

Thank you!

Natacha Engel

Objet : Re: Masks and medical protective clothing

Hello All,

Please let me know how I can make the connection. The factory has capacity to make a million masks a day and can provide documents showing certification if you need before I connect you.

Best,
Toni

Hi Vicki,

Full team effort here. Adding Natacha, who can advise the path forward for this one.

Thanks,

To: Vicki Saunders <vicki@sheeo.world>

Hello Vicki,

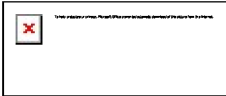

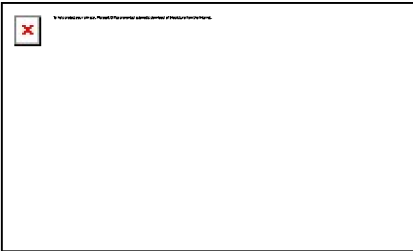

My trusted fabric supplier in China can make masks and protective clothing. I know we are running out and need them for our medical professionals.

If in passed his contact to you could you into introduce him to Mary or someone at the Federal Government?

As a side note I found Philip as supplier at a SheEO event. Nicki Bridger introduced him to me as one of her suppliers. He's been a critical part of Abeego since 2015.

Thanks,
Toni
