Hi Brendan,

Get them to submit something in to the Buy and Sell website and connect me with them ASAP once that is done, please.

Hi Dovejot

We've had a constituent reach out about a company in our riding that is able to make ventilators and is interested in providing them to help under the current situation. Now the procurement website doesn't explicitly list ventilators as something the government is looking for but we want to make sure we can put him in touch with the right department to facilitate any help he can provide. Would that be you guys and the program set up- or would that be another department?

Best
