hey!

Just so I can include in my tracker, where is this company based? And what is their quantity available? Do you have contact info?

Thanks!

Subject: Portable Electric

Spoke with Portable Electric earlier today. They have a battery that they think can extend the life of 4 Thornhill portable ventilators from 6h to 24h. Just thought I'd flag that as it could broaden the application of mobile ventilators some.

Referred them to B&S already 😊
