Thank you very much for reaching out to us in this time of need! Could you fill-in the form on the buy and sale web page: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>. I am adding my counterpart Kelly at Procurement.

Let me know if you don't hear back in the next few days and we can follow-up.

Best regards,

**Natacha Engel**

Pleasure to meet you Natacha.  
And thank you for the quick response Jason.

Natacha please reach out to me via email/phone on possible solutions we have available to us.  
We have immediate access to masks, wipes and ventilators that can be shipped within days.  
We need your assistance in the importation and the understanding of the flexibility in requirements.

Regards,  
Musadik

Thank you for raising this.

Copied is Natacha, who is in our team but can guide you on the process. I will urge patience as the system is a bit overwhelmed by the goodwill of people like you who are bringing solutions to the table.

Thanks again,

**Subject:** We have access to masks/ventilators - need assistance to import to Canada

Hello Jason.

We are a company in Ontario since 1994, active in the distribution of eyeglasses and sunglasses. We source some of our products from China where we have relationships with factories and where we maintain a QC individual to monitor our productions. Additionally we have relationships in HK who help facilitate payments to China to ensure a further round of accountability and protection against possible short comings.

In recent weeks, we have reached out to our networks in China/HK to source masks, sanitizers, wipes, and other equipments including ventilators. All our sources are then verified by our QC person in China and additionally verified by our team in HK. Our partners in HK are providers to the government there, and have significant relationships.

We have now available with verification:

N95 masks with FDA & CE certification

KN95 masks with CE certification

Alcohol wipes

Ventilators

We need your urgent assistance in importing these goods to Canada, as the rules surrounding the relaxation of certification is imminent.

Please share contacts for any persons we can reach out to, and any resources for assistance including financial.

My personal mobile number is P [REDACTED] You may reach me on this number at any time.

Regards,  
Musadik
