Elliott --

Is the premise of the question is about suppliers that we have contracted or suppliers more broadly?

Q: I've had suppliers reach out to me saying that they have product ready to be shipped, but need support from the federal government to guarantee the order so the products can be flown out as soon as possible. What steps should I advise them to take?

Thanks,
Boyan

Hey Boyan,

As you saw Minister wants to do OGGO prep ASAP, can you get us the answers for the next hour?

I had initially asked for them for Friday. After you send them to us, we and comms need to review them and modify them. OGGO appearance is a priority for the Minister.
