Thanks Tahiya and hi Leo –

Just as an FYI, Anthony Leong from McKesson just connected with Kathryn on the same question by email. Canada HealthLabs had told McKesson they had received \$30 million from the Government of Canada. Kathryn's response was that she was aware of the project, but not the funding.

Wanted to share so as to not duplicate efforts.

Thanks!
Roberta

E-mail originated externally

Hi Roberta,

Connecting you with my colleague Leo who is our policy lead on testing 😊

Tahiya

Subject: Question: COVID-19 testing

Hi Tahiya –

I was wondering if you might have time to connect very briefly by phone regarding a question on behalf of McKesson Canada.

McKesson has been approached by Canada HealthLabs to support distribution of COVID-19 tests and are trying to validate the opportunity, including potential government funding for Canada HealthLabs.

Happy to discuss at a time convenient for you – I can be reached directly at 819-744-7388.

Thank you!

Roberta
