Please see the message below sent on behalf of Deputy Lucas. La version française suivra.

Colleagues,

As promised during our teleconference, I am providing you with a number of Government of Canada COVID-19 links below to resources that you and your officials may find useful on the agenda items we discussed today.

In addition, I am requesting that you send a point of contact to the Secretariat hc.fpt.hsc.secretariat-csss.sc@canada.ca so that we can confirm your jurisdiction's interest in collaborating on potential measures to sterilize personal protective equipment (PPE). I would also welcome any input you may have if your province or territory has undertaken assessments of existing equipment or supplies within your hospitals or other medical facilities that could be used for sterilizing PPE.

Thank you
