Hi Taylor,

Sector will send the bios for translation, but only just got them back late last week, with one still to come.

They are doing the handover of the secretariat functions to the NRC.

They have not initiated a request to DM's offices for their biographies – this was not a priority as it was unrelated to the member invitation process. If this is needed, and there aren't established biographies on hand for the DMs and CSA, they say they can flag this to the NRC secretariat.

Cheers,  
Phil

**Subject:** RE: vaccine task force

Quick couple of questions:

- Why aren't the ex-officio member biographies included? We would include them on the website, wouldn't we? Are they going to be shared in a follow-up email, along with Sylvia van den Hurk's biography?
- If biographies are only available in English, is this because ISED's policy sector expects the NRC to translate them into French? Or does our policy sector have plans to do that and share the French versions with the NRC later?

Thanks!

Hi there,

Here is the material, with the ToR in both languages. Also attached are the biographies from the Task Force members (except for the four ex-officio members). All of these have been confirmed by the respective member, except for Sylvia van den Hurk -- she was the last to confirm her participation so sector has extended her deadline to get materials back. Sector has included the version provided to her for confirmation, but she may have changes. Biographies are only available in English – sorry.

Cheers,  
Phil

Thanks Bram,

Hi everyone, I hope you had a nice weekend.

Phil, Christine mentioned that she's looking for the mandate of the taskforce, bios, and any other info they will need to get ready on the new web pages as soon as possible. She's also asking for it in both languages. Thank you for asking for policy sector to provide this info ASAP today!

Phil,

Can you follow up with Sector to get the needed information below?

Taylor, happy to join a call if needed.

Best,

Thanks, Bram. Could Taylor please follow up with Christine and then close the loop with Jen? The ask is quite specific and we need to answer the question and sort this out. Thanks so much and please keep me posted, Taylor.

Hi Vicky

Looping in Kathleen who is covering for Frederic tomorrow.

I know he (FB) has spoken to Vanessa about this. It is likely to be a PM event and timing is still under consideration.

We have draft products and terms of reference.

Let me know if you want those tomorrow.

Best,

Bram

**Subject:** vaccine task force

Hi Jennifer and Vicky,

I was briefed by Roger Scott-Douglas this weekend about the upcoming announcement of the task force – Roger will lead the task force's secretariat out of the NRC. He mentioned that the announcement will likely be made later this coming week. I'm happy to support in any way I can.

From ISED, Roger says the leads on the policy side have been Mitch Davies and Sheryl Groeneweg, and from PHAC/HC Kim Elmslie and Gina Garros.

Roger mentioned the webpage for the task force will be hosted on the NRC's website. We would like to get this started ASAP so that we are ready for when the announcement goes live. Do you have the pertinent information for the site – mandate of the taskforce, bios, etc. in English and in French? Roger also mentioned that the page should link to the therapeutics advisory board. For the news release and backgrounder, do you need anything from the NRC's end?

If it's easier to chat by phone tomorrow, please let me know. I can set something up at your convenience.

Christine
