We've been using the \$US25M like you had it, but Program is just being extra cautious in adding the "up to" before it, since the funding has not been flowed yet and could fluctuate. Re: the other change (deleting the \$400M), not critical that it be made. Celine

Hi Heather,

PMO considers the text final. We will snip the “a” in the ministerial quotation without much trouble, but we will need crystal-clear rationales for the other changes and why they were not requested when the USD was added.

Thank you,

André

Subject: RE: REVISED QF FOR URGENT APPROVAL | PM NR – Vaccine announcement (25 September)

Sorry, more changes from GAC:

- The ~~\$440 million~~ in funding announced today is in addition to the **up to US\$25 million** the Government of Canada committed to the COVAX Advance Market Commitment in July 2020.
- Delete the extra “a” in MINE’s quote:

“The COVID-19 pandemic will only be overcome through coordinated action around the world. We strongly believe that supporting other countries in their fight against COVID-19 is crucial to protect Canadians at home. Canada is committed to supporting the COVAX Facility, and the Advance Market Commitment within it, to ensure all participating countries have a rapid, fair and equitable access to COVID-19 vaccines. The Facility is an example of how multilateral cooperation can allow us to accomplish together what none of us could accomplish alone.”

Subject: REVISED QF FOR URGENT APPROVAL | PM NR – Vaccine announcement (25 September)

Importance: High

Good morning all,

In addition to Geneviève's question re: Minister Hajdu's approved quotation and as we await PSPC's final checks, please note that deleting the bullet on upfront payments affects the following bullet. We have proposed and signal-checked the edit below, which PMO would like confirmed ASAP:

- ~~To date, the Government of Canada has allocated over \$1 billion for the six agreements in place. This includes some upfront payments needed to support vaccine development, testing, and at-risk manufacturing. This investment guarantees Canada's earliest possible place in production runs.~~
- Subsequent Full payments to drug companies are contingent on the vaccines passing clinical trials and obtaining regulatory approval. All contracts the Government of Canada signs with vaccine developers contain off-ramps and exit provisions, should they be required.

Merci beaucoup,

André

Subject: RE: NEAR-FINAL | PM NR – Vaccine announcement (25 September)

Hi all,

Following conversations with Heather and Bryan, we're suggesting the change below to further explain "at-risk manufacturing":

This includes some upfront payments needed to support vaccine development, testing, and at-risk manufacturing **prior to regulatory approval**. This investment guarantees Canada's earliest possible place in production runs.

In addition, based on conversations with PMO and PCO Policy, we are re-adding a number for COVAX doses at "**up to 15 million**", and changing AstraZeneca's number to "**up to 20 million**". For the number for COVAX doses, we understand that conversations are already taking place between our Policy colleagues and yours.

Those changes, as well as those received from you, are tracked in the attached. **Please let us know as soon as possible if there are any major issues with the changes I noted above.**

Thank you!

Hi Andre,

Below is a revised quote in with our Minister's Office. Not yet approved.

+++++

“The Government of Canada continues to work diligently to protect the health and safety of Canadians during the pandemic. Today's announcement supports our ongoing strategy to secure a diverse range of potential COVID-19 vaccines, so that when a vaccine is ready, Canada is ready.”

—The Hon. Anita Anand, Minister of Public Services and Procurement

Subject: UPDATE | PM NR – Vaccine announcement (25 September)

Good afternoon all,

Please note that this announcement will now focus solely on vaccines (bilateral agreement + COVAX Facility & AMC).

@Bryan/PSPC: As this change affects Minister Anand's quotation, PMO has asked that it be updated. Could you please begin developing one?

We hope to share a (near)final version with the group for disaster as soon as we are able. Thank you for your patience,

André

Hi all,

For everyone's info, I have spoken with Bryan at PSPC and Heather at HC re: a couple of announceables that are pending verification. As agreed, we will proceed with our approvals and plan to insert info or flag concerns from your side as soon as you are able to confirm them.

Thanks very much,

André

Hi Nicolas,

Please see attached for some proposed edits from HC/PHAC. Of note, we've added reference to the Abbott test kits (provided by PSPC) at the end of the release, though feel free to move in another place as you see fit.

We expect to have further edits tomorrow AM, but wanted to pass this along as I know you're waiting on us!

Please let me know if you have any questions on these edits.

Merci!

Patrick

Subject: UPDATE--FOR DEPARTMENTAL REVIEW BY 6 P.M. | PM NR – Vaccine announcement (25 September)
Importance: High

Good afternoon all,

We have just received a request to expand this news release to include two new elements, in addition to the vaccine candidate agreement:

- Procurement of 1000s of COVID-19 rapid-testing kits; and
- Canada's participation in the COVAX Facility.

In the interest of time, could relevant DEPTs please include recommended language on these items as part of their feedback? We would be able to extend the deadline to 6 p.m. to facilitate this.

Thank you,

André

Subject: FOR DEPARTMENTAL REVIEW BY 5 P.M. | PM NR – Vaccine announcement (25 September)

Good afternoon,

Please find attached, for departmental review, a PM news release announcing a new agreement for a COVID-19 vaccine candidate. The announcement is planned for this Friday, 25 September.

Please return your reviewed version **by 5 p.m. this evening**. Apologies for the short timeline.

Flag any egregious errors or major concerns using track changes, and substantiate changes with a rationale in a comment box. Please include the PMProducts address in all replies.

Please confirm receipt of this request, and do not hesitate to let me know if you have any questions or concerns.

Thank you,

André Ghione
