Thanks Jeff. I read the message as saying the changes have been made. If so, we should circulate for information rather than seeking approval. Happy to discuss tomorrow if I misinterpreted.

Good Evening – to you both.

Doesn't seem like there is any reason to not include the PCO text highlighted in the attached.

Christine – I understand that the CanSino card was in approvals. I have yet to see the revised text from Cathryn, do you prefer if I contact her to ensure that the required text is added to the latest card?

John – How do you want to proceed with flagging the additional text the VTF, should I just send to Marita as and FYI before SGO sends to PO?

Thanks in advance,

Jeff

Importance: High

Hello Jeff,

FYI: after reviewing the PCO key messages provided after today's Speech from the Throne, SCMS-Parliamentary Affairs has updated the Vaccine Task Force and CanSino KMs with PCO's messaging. These PCO messages have been added to the top of the "Supplementary Messages" section (e.g., not replacing the main Key Messages you have painstakingly worked on) with the heading "From PCO re: 2020 Speech from the Throne".

Additions have been highlighted so you can quickly see the approach we have taken. I hope this is satisfactory – if you have any questions or want to discuss the rationale for including this messaging in these two cards, please don't hesitate to reach out.

Thank you, James
