Hi Marcel: Jeff and I just spoke on the QP / KM consult from ISED on the VTF. ISED needs any final comments from NRC now, before they move the card forward for approvals within ISED. I anticipate there is pressure to have this in a Minister binder for the weekend in advance of Parliament's return next week. Marita has indicated that they will be unable to provide any approved comments today, however they anticipate recommending revisions to the current ISED draft. Are there any other steps or actions that we can take? In the absence of content from the VTF, I presume the card may move forward within ISED for approvals as is.

John

Marita - ISED is now demanding the file by 11am.

Is there any way you can send me the file by 1030? This will leave no time for a review by Iain but at least we can provide them with the updated response from the Task Force.

Checking in again – ISED is asking when the file will be sent back over.

Thanks,

Jeff

Hi Marita,

Confirming that ISED has given NRC until the morning to provide the revised KM card.

Importance: High

Hi Marita,

We have been asked to confirm the attached KM card prepared by ISED re the Task Force.

PSP has made a few edits to the attached, please let me know if you have any changes to made.

Our deadline is COB today.

Thanks in advance,

Jeff

Subject: FOR NRC APPROVAL: Key message document on Vaccine Task Force, COB Today if possible

Hello Jeffrey,

Last week, the communications team at ISED prepared a key message document covering the Vaccine Task Force. The drafted card is attached.

After receiving input from ISED's Industry Sector, it was suggested we consult with NRC to have this KM approved and ensure you had a chance to provide input on messaging, should you wish. There is one line in particular where we need input from NRC (see highlighted text in document).

Could you please review the attached, make any changes or additions as needed, and provide approval?

Deadline requested is COB today.

Thank you,

Elizabeth Roach
