Off of asymptomatic testing

Effective immediately, Ontarians should only seek testing at assessment centres if you are:

- <!--[if !supportLists]--> <!--[endif]-->Showing COVID-19 symptoms
- <!--[if !supportLists]--> <!--[endif]-->Have been exposed to a confirmed case of the virus, as informed by your public health unit or exposure notification through the COVID Alert app
- <!--[if !supportLists]--> <!--[endif]-->A resident or work in a setting that has a COVID-19 outbreak, as identified and informed by your local public health unit; and
- <!--[if !supportLists]--> <!--[endif]-->Eligible for testing as part of a targeted testing initiative directed by the Ministry of Health or the Ministry of Long-Term Care
