It can be a prelim discussion with a follow up later in the week.

Rick - thoughts?

This would work. The only thing I wanted to check on was whether or not departments would be ready to have that discussion by tomorrow night or do they need a day to set it up. If they need a day is Wednesday too late?

Subject: Tomorrow's Call

Hi Lisa,

Rick and I are thinking we could do a testing focused call tomorrow, if that suits on your end. An agenda along these lines could make sense.

We can try to keep items 1 and 2 very brief just to do flags more than anything.

Agenda
April 13, 2020

- 1) PSPC
 - i. Flags on orders and upcoming deliveries

- 2) Health
 - i. Test results from recent orders
 - ii. FPT concerns or flags

- 3) Testing

- i. Federal role in testing leadership
- ii. Provincial and territorial capacity now and in future
- iii. PSPC look at the available testing landscape
- iv. ISED – Domestic capacity to ramp

4) Communications

5) Other business
