Subject: Procurement of med supplies

Hi Matt,

China reached out to the province. Asked if they can support on getting medical supplies like masks and gloves. They want a letter from Bc's coastal health services to provide that. BC wondering whether this should be dealt with throughFeds rather than one offs with coastal health services.

Best,
Sangeeta

Subject: Update

Phac has a plan: test 6M Canadians in 6 months. Requires 80k test kits (100 tests per kit) and 8 million swabs. We've got suppliers lined up to fill those orders, although they are in China and Italy.
