**Subject:** For information: PHAC survey of PTs

PHAC has gone out at a working level to its FPT committee to get a sense of PPE coverage within PTs. Responses are due back tomorrow and PHAC has committed to share those with us. I thought you would find the attached survey to be of interest and, if they do get a good response rate, this could be useful data for our essential services work as well as any discussion of how to meet the needs of long-term care centres.
