**Subject:** Swab Hunt - Easter Themed

Hi Leslie and Laurence,

First off, thank you to you and your teams for your ongoing efforts to track down some much needed swabs.

Would you two be able to send in an update tomorrow morning, say by 10, to give us the best information at the time on where we stand?

There was a bunch of back and forth today and just want to make sure we have the latest.

Shannon/Jbro - if there are any further updates on the DPM's leads thatd be great too.

Talk soon and happy Easter.

Matt
