**To:** Mullan-Boudreau, Caitlin (SPAC/PSPC)  
**Subject:** FW: Available N95 masks and coveralls in Montreal

Hi Caitlin,

Can you pass this one along to the department?

This guy has access to 100 million masks in the US, and potentially another 100 million in Poland.

Not sure if the department is still working to procure masks, but this seems like a good one.

Thanks!

Chelsea

**Subject:** Re: Available N95 masks and coveralls in Montreal

Hi Chelsea,

I submitted the offer for N95 masks, reference # 54243  
I am a shareholder of Heir Holdings. So I'm acting on their behalf as I live in USA

They are a South African Company that has access to 100 million 3M N95 masks model number 1860 Blue  
CIF Canada at \$4.50 each.

Please call to discuss.

Best

Gavin

**USER INSTRUCTIONS**

**IMPORTANT:**

Always use the correct mask and understand these User Instructions. Read these instructions for reference. See distributor supplied by the manufacturer.

Proper selection, fitting and use are essential in order for the product to help protect the wearer from certain airborne particulates. For stability and proper fit, follow local regulations and refer to all information included in this box. For additional information contact an Occupational Hygienist, Safety Professional or 3M Technical Support - Australia 1800 024 664 / New Zealand 0800 364 357.

Particular respirator Dual P1 for mechanically and thermally generated particulates in concentrations up to being any-acting and light welding.

The respirator may be used when working in some genotoxic, biological, airborne particulates such as asbestos, lead, but does not eliminate the risk of infection or disease.

Do not use for: Inhalation of toxic gases, vapours, mists, aerosols, or other airborne contaminants which are unknown or suspected to be carcinogenic.

Do not use for: Inhalation of toxic gases, vapours, mists, aerosols, or other airborne contaminants which are unknown or suspected to be carcinogenic.

**WARNING**

This respirator helps protect against certain particles. You must be trained and follow all instructions and local government regulations on the use of respirators, including this one. Misuse can result in sickness or death. For further info, see Appendix A and E.

It is recommended that wearers fit tested in accordance with AS/NZS 1715:2009 Standard. For information regarding fit testing procedures, please contact 3M.

**CAUTION:** Never lay cartoning around respirators stored in random orientations.

**FITTING INSTRUCTIONS**

1. The respirator must be worn over the mouth and nose. The head strap must be worn over the head and the chin strap must be worn under the chin.
2. The respirator must be worn over the mouth and nose. The head strap must be worn over the head and the chin strap must be worn under the chin.

Hi Gavin,

Minister Anand passed along your email to me to follow up.

I invite you to complete the form on the portal at [buyandsell.gc.ca](http://buyandsell.gc.ca). Once you have submitted the form, please send me the reference number you receive along with the number of N95 masks and coveralls you have available. With that information, I can send your information to the department.

They are analyzing all the supply submissions we are receiving and will get back to you if they find that your supplies fill our needs.

Let me know if you have any questions.

Thank you,

**Chelsea Kusnick**

Subject: Available N95 masks and coveralls in Montreal

Hi Anita

My name is Gavin Taylor and I work for a Montreal based company that has availability on N95 masks and coveralls. A longtime friend who works at your hospitals in Toronto sent me your email address. We have been based in Montreal since 2002 and would like to share our offerings with you. Please feel free to call my cell at P [REDACTED] to discuss. I look forward to your reply.

Best

Gavin
