Hi Susan,

I have copied Mike Courtney here as well, as he also reached out this morning about Procurement needs in Nunavut. Just to confirm, your procurement of products and services in response to COVID-19 is being managed through Minister Kusugak's office? And what communication have you had with the federal government on this so far?

Thank you,

Hi Madison,

Is the Government of Canada hearing that pandemic supplies coming from the US and being prevented from entering Canada and kept for their own country.

Regards,

Susan

Hi Madison,

The Government of Nunavut is receiving assistants from NESS and LAC. What we require in a timely manner is portable ventilators. Do you have a contact for vendors manufacturing this product.

Kind regards,

Susan
