Dear Ms. Anand:

Following today's announcement of Canada wishing to acquire PPE products and put various companies into production here in Canada, along with my recent submission on the buy / sell website, I am reaching out to say we have several of the items Canada is presently seeking.

Our company Torrent Counsel's manufacturing facility produces 1 million masks per day. We are able to provide product compliant with your specification immediately, arrange air freight as required and ensure you receive shipments to your various required locations.

I am located in Vancouver B.C., and can be reached at 604-336-2444 or return e mail as per contact details below.

Please visit our website at www.torrentcounsel.com for a general overview.

We are able to provide the backup documentation and certifications as required (noted on the buy sell site), for your confirmation. We are here to help. Please feel free to reach out to us at your earliest convenience so we may help my fellow Canadian front line workers, and our neighbors.

Best regards
