Hi Anita,

Thank you again for getting back to me on linkedin. My business partner Dino has been in touch with Seth Hilkes. Seth had mentioned to Dino that someone from the procurement department would be reaching out to us asap. Seth felt that we would be a great fit to help out during these times in need.

Just to recap our discussion on linkedin. Bulletproof Logistics can help with storage and warehouse fulfilment. We have 5 facilities in Montreal, QC and 1 in Toronto, ON. Most of our available space is located in Montreal. We do have 1 temperature controlled warehouse in Pointe-Claire, QC where we specialize in food, pharmaceutical, and retail commodities. We handle the distribution to all major retailers and we are PIP and Health Canada certified. We also have a very large warehouse in Bolingbrook, IL if that can help? I know Canada is working very closely with the United States.

We also have a vast network of Transportation partners who we can work with to transport the goods in a safe manner.

I also mentioned that our warehouse located in Lachine, QC has about 12 000 Sq.ft of Office space on 2 floors. We are not using this space at the moment, we could block off access from the warehouse and use this office space as a daycare for the Hospital staff's children. We don't know anything about running a daycare, nor would we want to run it. However we would be happy to donate the space during this time of need to the heroes working in the hospitals that might not have a place for their kids to stay while they are needed most. The location unfortunately is not all that close to any hospital, however it is not far off Highway 20. If this is of interest, please let us know and we will work on trying to find people to donate toys and games for the kids. We work with and help out organizations like Starlight Foundation and Games for Hope, 2 very large charity organizations in Canada. We are certain that if we reach out to them, they will work quickly and come back with help.

We had many talks with our team and they are excited for the opportunity to help our country in need. Please let us know how we can help.

Thank you again.

James Robinson
