Subject: RE: Textiles Gauvin service offer

Hello,

We registered on the Portal on March 31.

Here is the reference number: 44235

At this time, we can manufacture the following protective gowns:

- Gown No. 1 (see reference photo):
 - Fabric: 100% polyester, 115GSM
 - White
 - 1,600 units available
 - Price: \$21.50, shipping included
- Gown No. 2 (see reference photo):
 - Fabric: Non-woven polypropylene, 65GSM
 - white
 - 1,300 units available
 - Price: \$9.75

I will have other samples tomorrow and will be able to offer other options. After receiving the new fabrics, I

will be able to provide 2,500 to 5,000 gowns per week.

you can reach me anytime at

P

Thank you for forwarding this email to the appropriate individuals.

Hello Ms. Pelletier,
Thank you for contacting your MP, who forwarded us your email below.

First, I would like to show you Industry, Science and Economic Development Canada's website, that has information for companies such as yours, that are seeking to retool and manufacture required equipment, such as masks.

- Website: <https://www.canada.ca/en/services/business/maintaingrowimprovebusiness/manufacturers-needed.html>
- Generic email address: ic.mid-dim.ic@canada.ca

When you have all the details, I invite you to fill out the form on the portal at:

<https://buyandsell.gc.ca/supplying-goods-and-services-in-support-of-canada-s-response-to-covid-19>

When this is done, please send me the reference number that you will receive, along with the number of masks that you expect to manufacture and their cost. I will forward this information to the Department that analyzes all propositions on the portal.

Thank you for your help.

Sincerely,

Chelsea Kusnick

Subject : Textires
Gauvin service offer

Hello M Paul-Hus,

Ms. France Bélanger forwarded me your contact information so that we could send you our propositions for manufacturing protective products.

As a result of the developments of the last few days, we were forced to temporarily close our facilities. I am therefore sending you this email to offer our services for all sewing needs. We can also subcontract with companies that are already in production.

We have been in the bedding and sleepwear business for more than 30 years. Approximately 30 people are employed by the company in production and shipping. We have vast experience and skills in garment manufacturing.

We are also fabric importers. We have a large inventory of fabrics, such as poly cotton, 100% cotton, various quilted fabrics for mattress pads, water-repellant fabrics for protecting mattresses, fabrics for fleece blankets, non-woven polypropylene, pillows, and so forth.

Over the next week, we are also expecting fabrics certified for manufacturing protective masks. We are in the process of assembling a prototype in order to be able to manufacture this equipment. We are able to invest in protection equipment to be able to mass produce in the coming months and years. Our first mask prototype is attached to this email.

We would be very pleased to do our part to help the health field, in our own way. A team could be established for manufacturing items that need to be sewn, regardless of the need.

For any information, you can reach me by email at this address or at the following telephone number: 17M-UMM

Thank you for your help in this process.

Have a good day!
