Thank you for reaching out.

I invite you to fill out the form on this portal: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>. Once you've submitted the form, please send me the reference number you receive so I can follow up with the department for you.

I will pass along your details to our procurement experts who will reach out to see if we can work together to provide protective equipment to our frontline workers across Canada.

Thank you very much for your support. Please let me know if you have any questions.

Best,

Chelsea Kusnick

Subject: URGENT secured supply of N95 and surgical masks from manufacturer directly

The Honorable **Anita Anand**,

To help combating the Covid-19, a group of my friends have already purchased and donated 10,000 units of surgical masks from manufacturer Sanqi to 4 hospitals in Montréal. These hospitals are Jewish General Hospital, Ste-Justine Hospital, McGill University Health Centre, Lasalle Hospital. These hospitals are very satisfied with the quality of the masks.

My partner in China has secured supply of large quantity of N95 and surgical masks.

Sanqi Medical Inc. is one of the largest medical protective products manufactures in China.

Sanqi N95 masks are approved by NIOSH.

Because of the government order control and constraint of raw material and production capacity, Sanqi will not accept new orders of N95, KN95 masks for delivery date earlier than August 31, 2020,

Since we have direct connection with the manufacturer, we can help purchasing up to 200,000 units of N95 masks daily. We can also help purchasing large quantity of surgical masks.

Since we are dealing with the manufacturer directly, the transaction will be safe and secure. You can send representative in China to the manufacturer facility to check.

Please see information attached.

Please advise me if you need further information.

We're together.

Dun (Victor) Wang MBA President
