Hey Caitlin,

Can you pass this along to the department? He's already in the tracker, but this is a rush as he's got access to these items until Wednesday.

Thanks,
Chelsea

Dear Chelsea,

I am writing to let you know that this bid is being submitted by a major computer supplier for the Government of Quebec, the Quebec company **Hypertec Inc.** <https://hypertec.com/>. This is a serious and secure bid with reasonable prices. This bid is possible because of Hypertec's prior business relationship with the pharmaceutical company Getein <http://en.bio-gp.com.cn>.

500K NIOSH-certified masks available (!) delivered in 10-15 days.

I need an answer ASAP; they'll be sold by Wednesday.
