Hello Mrs Kusnick,

I'm sorry for the delay in responding for your request. I've tried to do an amendment to our previous form, but the system didn't want to accept our reference number. So I made another submission.

You can find our product information under the number 57738 or 459921.

We are offering face shields for now:

Face shields

- **100% Canadian**
- 9\$/unit for minimum order of 10000 units.
- 20000 units/week production capacity
- 10000 units in stock
- Meet and surpass CSA standards Z94.3:20
- **Made of recycled plastic, the shields are recyclable**

Our licence is 7450, and the product ARN 314198

We are here to stay and sale around to world. It would be nice to become an official supplier of the Canadian government. We are local!

We also have a new product for disposable surgical gowns. The gowns can be use for more then one time and are covered with an active anti-viral (and anti-bacterial) agent. **We need an official homologation. Can you help us fast track the testing?**

Cordially,

Serge-Eric Blais, o.p.d.
