If this is not what your constituent was referencing, maybe you can provide more context on what they are doing with the masks and who they are procuring them for.

Thanks-

Madison Taipalus

Hi Alex,

Thank you for showing interest in providing services and products related to the COVID-19 pandemic. In addition to leveraging existing sources of supply, PSPC is now proactively engaging industry to help meet Canada's needs.

Many of us are receiving information from potential suppliers or individuals with helpful information on the COVID-19 response. I invite you to this website: <https://buyandsell.gc.ca/calling-all-suppliers-help-canada-combat-covid-19>. As this website will continue to be updated, I encourage you to check back for new information that may be posted.

My department is reviewing the significant number of responses and identifying potential suppliers for the goods and services that may be required as the COVID-19 situation continues to evolve. I have informed my team in Minister Anand's office of your proactive reach out.

Please do not hesitate to follow up with any questions, or share any relevant information that I can include in while tracking procurement opportunities (i.e. specific products, quantity available, production capacity).

Subject: Medical Supplies

Hi Madison,

A concerned citizen would like to import medical face masks and testing kits from china.

I was wondering if you could answer some questions for us...

-What are the shipping requirements?

-Do the organizers have to pick up materials from China, or a hub

-or have them delivered into Canada and if so where?

Thank you!

Sincerely,

Alex
