Good afternoon Chelsea I appreciate you getting back to me and yes not a problem we're in crazy times!

I have cc'd the Factory Liaison Director Mr. Roy Foo Jee Boo and Managing Director Peter Morris on this email in order to facilitate communications a bit better.

We will take a look at the tenders on the site; I have reviewed them before but wanted to reach out directly, hence my previous email.

For the masks; they are KN95 masks. Roy has informed me that between the factories the monthly quantity is 50M-100M units.

--Roy and Peter, please feel free to introduce yourselves and provide further information if needed to Chelsea.

Regards,

Hello Mr. Hernandez,

I would invite you to visit : <https://buyandsell.gc.ca/> . Here you will find a link to complete the form to supply the PPE we are currently looking for as well as to supply N95 respirators.

Please let me know how many masks you would be able to provide. I can then provide this information to our procurement specialists who are analyzing all proposals to find the best fit.

Hi good afternoon Ms. Anand, we're a consulting firm out of Montreal and we are working with a factory direct distributor out of China that manufactures KN95 masks amongst other much needed medical supplies/equipment to fight against the pandemic. I've attached the product spec sheet for your perusal for the medical masks. I am also a director for a public company listed on the CSE that distributes pocket size hand sanitizer approved by Health Canada. That product sheet is attached as well.

Let me know if there is any interest in pursuing these opportunities or tenders we should submitting to directly.

Kind regards and looking forward to hearing from you.
